

Dear Customer

In these uncertain times we thought it would be a good time to reassure you that we're doing everything we can to keep you safe while visiting Yarmouth Harbour, whilst taking on board all the latest advice from the UK Government.

We have implemented strict hygiene and cleaning policies, and have provided additional hand sanitisers in areas accessible to our customers and staff. We have a number of hand washing facilities internally and externally which are regularly checked and cleaned.

It is business as usual at present, however this is an ever-evolving situation and so if anything changes, we'll contact anyone that is directly affected, and update our website and social media accordingly.

We can be contacted with any queries on 01983 760321 or by email at info@yarmouth-harbour.co.uk.

Currently there have been no instances of COVID-19 impacting our Harbour or our staff, but we continue to be vigilant.

As of Monday 23 March 2020, those that can work from home will be doing so and staff handover times have been reduced in an attempt to minimise the risk of a full closure at any point. We do apologise if this affects our service levels, but please bear with us.

We hope this provides reassurance that we are putting every effort into keeping our staff and customers well and looked after in these uncertain times.

Tim Adams
Chief Executive/Harbour Master
